T-Shirt Quilt Preparation Checklist

Please complete these steps before placing your T-Shirt Quilt Order.

- Make sure all of your t-shirts have been washed and dried at least once.
- Do **NOT** pre-cut any of your t-shirts.
- Using **blue painter's tape***:
 - *Do **NOT** use regular masking tape. It will leave a nasty residue on your shirts!*
 - ✓ Place an **"X"** over any logo's you DO NOT want included in your quilt. We will use everything else on the front, back, and sleeves (*you do not need to place tape around items you want included*).
 - ✓ If you have 2-3 shirts you would like us to center within the body of your quilt, write **"CENTER"** on a piece of tape and place over the design/shirt.
 - ✓ If you have any **other special instructions** for a logo or picture, write those on tape and place on your shirt.
- If you think you have more shirts than needed to make your quilt, place those in a separate bag and mark **"EXTRA"** on the bag. We'll use them only if additional shirts are needed in your quilt.
- Include the **completed order form** with your t-shirt order.

Submitting your order:

- Package your t-shirts and completed order form in a box and send via UPS, FedEx, or US Post Office. Please email me when your order is on its way and I'll let you know when I've received it. Send your package to:

Minnesota T-Shirt Quilts
5795 Maple Ridge Drive
Maple Plain, MN 55359

- You are also welcome to drop your t-shirts off at my location. Just give me a call to make arrangements, 763-607-6458.

Please call or email me if you have any questions!
